

# **Revision Booklet**

Year 10

Christmas 2022

Welcome to the Edmund Rice College Christmas Revision Guide. The assessment window will open on Monday 28<sup>th</sup> November for subjects who do not complete Christmas Exams. Exam week however will begin on Wednesday 7<sup>th</sup> - Tuesday 13<sup>th</sup> December. In the exam window students will follow the exam timetable on the next page instead of attending normal classes. Details of which subjects have Christmas assessments and which subjects have Christmas exams is detailed in the diagram below.

Christmas Exam
Design & Technology English French Geography History Home Economics Irish LLW Maths Religion
Science

Christmas Assessments Art & Design Drama Music Physical Education

This booklet not only contains the Christmas revision lists for all subjects but it also contains some revision techniques to help students prepare for examinations. QR codes will also direct you to the ERC Assessment website for more information on each subject.

It is very important that all students are fully prepared for the examinations and we would encourage them to come fully equipped with stationery including black pens, pencils, rubbers, rulers, colouring pencils and calculators where required.

All that remains is for us to wish our students the best of luck in the forthcoming exams and for further information please access the ERC assessment website using the QR codes provided.

### Year 10 Exam Timetable

All examinations in form rooms.

1

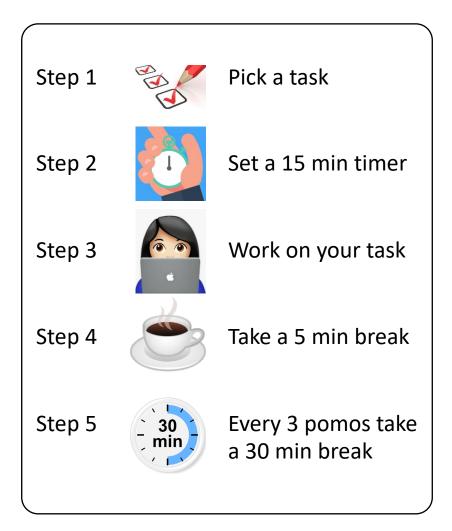

People struggle with revision because there is not one set of instructions that work for everyone. There are revision techniques that can be used as a guide but some techniques will work for you and some wont. There are some common things that you should think about before you set out to revise.

DO'S	revis poin • Revi reste you	n a routine of ing at a particula t everyday. se when you are ed or at a time w are used to work regular small bro	well- hen ing.	•	Depend o want to re never war Revise lat when you Try to ford work for l time with	evise (you nt to!) e at night are tired ce yourse ong peric	i may or If to ods of	DON'TS
ABOUT IT		o you have musi Vhere is your mo					1 A	DON'TS
Cog abi ach atte	nitive control lity to monito ons. It is link ntion, working	is the r, reflect thoughts & ed to memory	5 ST	Cogni @IMF RATE dentifi	Distractive control bact Wales GIES to in g & acknow r, music, so	icrease co ledge pote	ntial dist	ontrol practions
Allow tri gg		Plan for focus	3 V t	off, wo work \$ time lin mins, watch	reward in neward in nit on wor Follow this ing tv, play other's he	chunks - k time, c. s with 10 h ing outside	u to tv. set a spi g. work 7 nins rewa e , on soci	ecific for 20 ard time al media.
Distra Loss of 1		Traction Increase in focus Movement towards goal	-1 5 5 1	he be will be ret you teacher	haviour cho z unavaila ur own goa is deadline bal into mo	ls. Don't j	just work ow to bro	to the

In order to revise effectively, you have to think hard. Thinking hard is tiring. Therefore, when you revise, you should choose a time when you find it easiest to focus. This should be a time when you are well-rested and when you are used to working.

#### Managing your time when revising

To help you with we are going to try the Pomo techniques. The pomo technique can help you manage your time and work on a task without distractions. It is also beneficial as it helps you become more disciplined and think about your work. The technique is designed to combat multitasking and improve concentration. For example an hour of revision could look like this:

In preparation for you Christmas exams you will have to think about a lot of different things which you will have to juggle. You need to revise independently so you can close specific gaps which you have in your knowledge.

However, because you have to plan your own independent revision, its easy to forget revision or to only do it in large bursts right before an assessment.

Prioritise your subjects

- List all your subjects
- Rank you subjects from 1 12 (1 being the strongest)
- Also consider the order your exams come in during exam week.
- Then rewrite your list in the order you have numbered the subjects.

Your list:

Design & Technology English French Geography History Home Economics Irish LLW Maths Religion Science

- 1. Write in everything you have planned prior to creating your revision timetable (Going out for tea, playing sport, Christmas shopping etc).
- 2. Write in upcoming exams and deadlines.
- 3. Not every space needs to be full leave yourself time to relax too!
- 4. Focus on the subjects in RED first, these are the ones you are least likely to choose but they are the highest priority,
- 5. Write in the subjects you are going to cover and when, Be specific around what you will cover each time you sit down to revise.

TIME	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	TIME	SATURDAY	SUNDAY

# **Flash Cards**

# Summary: How to use flash cards

Colour coding

recall

What are you creating flash cards on?

Identify knowledge

Do you have your knowledge organizer?

Use your book to look at previous misconceptions from whole class feedback.

Use different coloured flash cards for different topics. This

Making them concise and clear

Designing

Use a one word prompt, so that you can recall as much as you can

No extended answer questions.

Using

Write your answers down, then check. Or say your answers out loud. This really clearly shows the gaps in your knowledge.

Do not just copy & re-read.

Shuffle the cards each time you use them.

Use the Leitner system to use flash cards everyday.

Feedback

How have you performed when you look back at your answers?

Is there anything you need to revisit in more detail?

Is your knowledge secure? If so, move onto applying knowledge in that area in specific extended exam questions.

Avoid answering the questions in your head: research shows that when you read a question and answer it in your head, you aren't actually testing your knowledge effectively. Say the answer out loud or write it down before checking it against the card, so you are truly testing if you can explain the answer properly

### Flash card top tips

- The most effective flashcards include one question followed by one answer (or one term followed by one definition).
- Don't force your brain to remember a complex wordy answer. It's easier for your brain to process simpler information so split up your longer questions into smaller, simpler ones.
- You will end up with more flashcards this way but your learning will be a lot more effective.

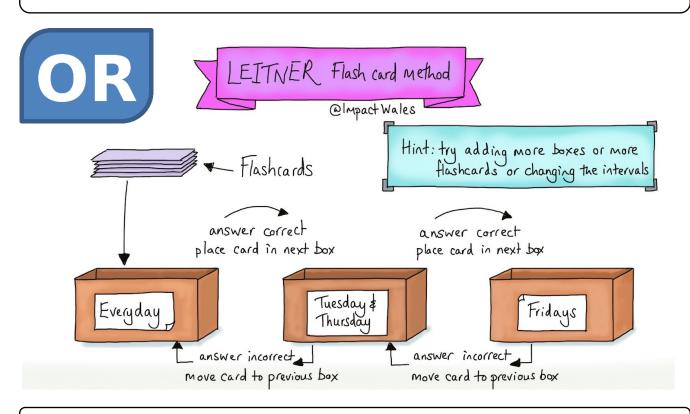

Using flash cards: Self Quizzing

- 1. Read the question on your flash card
- 2. Write your answer in a separate book
- 3. Put your flash card down to one side
- 4. Move onto the next card
- 5. Repeat steps 1-3
- 6. Keep your flash cards in the order you have quizzed them.
- 7. Mark your answers highlight any answers you got incorrect.

- 1. Every card starts in Box 1.
- 2. If you get a card right, move it to the next Box.
- 3. If you get the card wrong, move it down a box in the original version you move it all the way back to Box 1.

**Edmund Rice College** 

# Self Quizzing

# **Summary: Self Quizzing**

Identify knowledge/content you wish to cover.

Identify knowledge

**Review and create** 

Spend around 5-10 minutes reviewing content (knowledge organisers/class notes/text book)

Create x10 questions on the content (If your teacher has not provided you with questions)

Cover and answer

Cover up your knowledge and answer the questions from memory.

Take your time and where possible answer in full sentences.

Self mark & reflect

Go back to the content and self mark your answers in green pen.

Next time

Revisit the areas where there were gaps in knowledge, and include these same questions next time.

Ensure that you complete all subjects and all topics - not just the subjects you enjoy the most of find easiest.

- Use your revision list, pick one topic and read it until you think you can 1. remember its all.
- 2. Write out no more that 10 questions (you can use the template provided on the next page if you wish).
- 3. Cover your notes and answer you questions.
- Uncover your notes and check your answers. 4.

- Set up your self guizzes weeks in advance and test yourself 1. on a more regular basis as you get towards the exams.
- Create new quizzes specifically focusing on the content that 2. you could not remember (don't shy away from things you don't know!).

# **Mind Maps**

### Summary: How to create a mind map

Select a topic you wish to revise. Have your class notes/knowledge organisers ready.

Place the main topic in the centre of your page and identify sub topics that will branch off.

Branch of your sub topics with further detail.

**Branch** off

Try not to fill the page with too much writing.

Use images and colour to help topics stick into your memory.

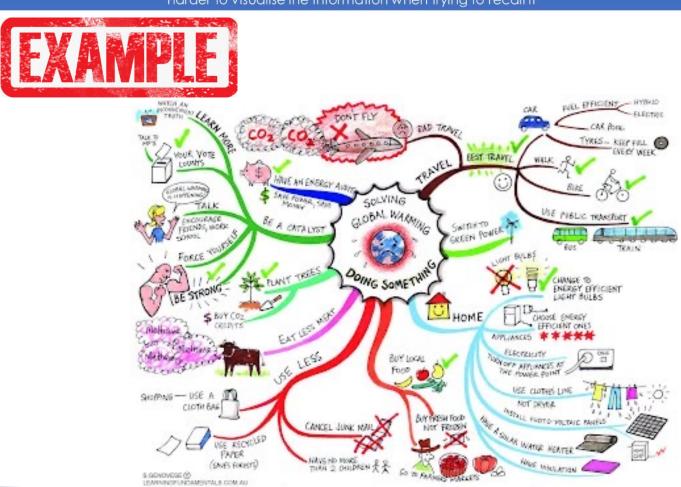

Use images & colour

Put it somewhere visible

Place completed mind maps in places where you can see them frequently.

Avoid using too much information: mind maps are designed to summarise key information and connect areas of a topic/subject. If you overcrowd the page, you lose the point of the mind map and will find it harder to visualise the information when trying to recall it

# **Brain Dumps**

### Summary: Brain dumps

Identify the knowledge/topic area you want to cover.

Write it down

Take a blank piece of paper/white board and write down everything you can remember about that topic. (with no prompts)

Give yourself a timed limit (e.g. 10 minutes)

#### Organise information

Once complete and you cannot remember any more use different colours to highlight/underline words in groups.

This categories/links information.

Check understanding

Compare your brain dump to

your K/O or book and check

Add any key information you

have missed (key words) in a

understanding.

different colour.

Keep your brain dump safe and revisit it.

Next time you attempt the same topic try and complete the same amount of information in a shorter period of time or add more information.

#### Brain dumps are a way of getting information out of your brain.

Follow the 5 step process to complete your brain dumps for different topics of your choice.

You can also complete this is two colours. One colour for content you know and another colour for content you need to revise / that you added.

Remember these do not need to be as organised as a mind map at first. You just write down everything that you remember about your chosen topic, then you organise it, then you can change colour and add in any information that you have missed out.

You might end up with more than one version of a brain dump.

Торіс	What to Learn?	Revision Complete
Mood Light Project	Electronic Symbols	
Project	Resistor colour codes	
	How to solder correctly	
	Using a specification to redesign a product	
	Hand Tools

# English

Exam: Reading for Understanding

Topic: Writer's Craft (Purpose and Audience)

Resources: Pupils should use notes and work produced in lessons and homework

#### <u>Exam</u>

You must be able to:

- read the passage carefully and thoroughly
- identify key pieces of information from the passage
- explain your answers using the text to support your views
- summarise key points from the passage
- analyse language and structural choices made by the writer and their intended effect on the reader
- analyse tone used in the passage

### You must revise the following features and their intended effect on the reader:

#### Language

Adjective; Verb; Noun; Adverb; Simile; Metaphor; Alliteration; Rhetorical Question; Onomatopoeia; Repetition; Rule of three/triplets; Statistics; Emotive Language; Facts; Opinions; Exaggeration; Exclamations.

### **Structure and Presentation**

- Sentence lengths
- Paragraphs
- Subheadings
- Use of images
- Use of fonts

# French

- Healthy Lifestyle food, smoking, drugs, alcohol
- Body parts, illnesses & advice

\*Focus on spellings and grammar as this assessment will be a written one

# Geography

ТОРІС	What to learn	Tick Box when revision notes are complete
TECTONICS, EARTHQUAKES AND	- Key words	
VOLCANOES	-The earths structure	
	-Plate boundaries	
	-Types of volcanoes – shield, composite and supervolcanoes	
	-Diagram of a volcano	
	-Why people live near volcanoes	
	-The causes of earthquakes	
	-How earthquakes are measured	
	-Damage caused by earthquakes	
	-The cause of a tsunami	
	-Know One case study (an earthquake, volcano or tsunami)	
	<ul><li>The cause</li><li>The effects</li><li>The responses</li></ul>	

# History

Торіс	What to Learn?	Revision Complete
The Trenches and Weapons	Be aware of the trench system and the front line trench.	
of WW!	Know about life for soldiers in the trenches.	
	Know the weapons of WW1.	
The Battle of the Somme	Know of the facts surrounding the battle of the Somme.	
	Understand the meaning/methods behind remembrance.	
The War at Sea	Be aware of the German U-boats.	
	Know the facts surrounding the Lusitania and 'Enter USA'.	
The End of WW1	Know the facts surrounding the end of WW1.	
	The Treaty of Versailles.

Any additional notes		

You will be given a written test on ......You will be asked to complete **six** sections. The questions will be asked from the four topics below (we have covered these in class). Once you are confident that you know each topic really well, place a tick in the box.

Topic 1 – My Community	✓
Where people share a sense of belonging	
Explain changes that you could bring to your community and why.	
Identify who could help bring change about within a community	
Topic 2 – Active Citizenship	
The term when someone gets involved in helping their community	
Explain how people can become active citizens within their community	
Identify what you could do to be more active within your community	
Topic 3 – The importance of the Law	
The definition of the rules that people must follow in the community	
Explain why Law is important in society	
Describe what it would be like if we didn't have Laws in society.	
Topic 4 – Changes in the Law	
Name who is responsible for making changes in the Law	
Explain changes in the Law that have taken place	
Identify one Law that you would like to change	

You will be given a written test on \_\_\_\_\_\_. You will be asked to complete \_\_\_\_\_\_ sections. The questions will be asked from the topics below (we have covered these in class). Once you are confident that you know each topic really well, place a tick in the end column.

Topic 1 – Decision Making	✓
Ways how decisions can be made	
Explain how decisions can be reached	
Goals that are set in school	
Topic 2 – My Options	
Examples of different learning styles	
Explain who helps young people with GCSE choices	
Explain skills that are used in the workplace	
Topic 3 – Being Employable	
Understand why people work	
Motivational factors in your career	
Explain skills to make a person more employable	
Topic 4 – Working for yourself	
What does self-employed mean?	
Understand which roles are classed as self-employed	

### Maths

Use the following list to guide you through your revision.

Watch the videos and complete the quizzes for the HegartyMaths skills in the table.

	Learning Objective To Revise:	HegartyMaths Skill	Revision completed
1	Use formal written methods for addition and subtraction of integers	Skill 20	
2	Use formal written methods for multiplication and division of integers	Skill 23	
3	Use a Venn diagram to sort data	Corbettmaths Video 380	
4	Find the mean, mode, median and range from a set of data	Skill 404 & 409	
5	Calculate the mean from a grouped frequency table	Skill 418	
6	Draw and interpret scatter graphs	Skill 454	

Any additional notes...

# Religion

Торіс	What to Learn?	Revision Complete
Getting to know me	Explain with examples the meaning of Outer Self.	
	Explain with examples the meaning of Inner Self.	
	Explain different attitudes towards "Negative" feelings.	
What do I want to become?	Explain the importance of setting goals for yourself.	
	Retell the Parable of the Talents	
	Give examples of your own talents and abilities.	
The Beatitudes	List the Beatitudes.	
	Understand the values behind the Beatitudes and how they can influence our decisions.	
	Give examples of how people can follow the Beatitudes today.	
Death and Eternal Life	Describe what takes place during the stage of a funeral.	
	Define the terms Heaven, Hell and Purgatory.	
	Identify ways of being helpful to someone who is grieving.	

Any additional notes...

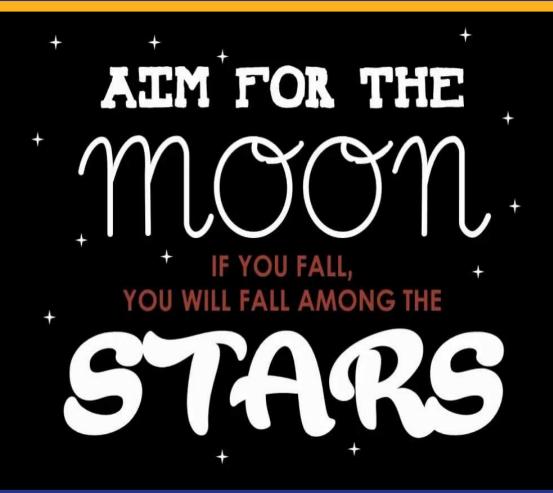

## Science

I am able to	Tick
Recall the organs of the Digestive System	
State the definition of an Enzyme	
Explain the role of Amylase (Carbohydrase)	
Explain the role of Protease	
Explain the role of Lipase	
Recall the process of Digestion	
Define an Atoms	
Define an Element	
Define a Molecule	
Define a Compound	
Define a Mixture	
Identify Elements as Metals or Non-metals	
Identify the Groups in the Periodic Table	
Identify the Periods in the Periodic Table	
Identify the reactivity of elements and their position in the Periodic Table	
Recall the uses of common elements	
Recall the composition of gases in the Air	
Count the number of atoms in a compound from its chemical formula
